

The [Copenhagen node](#) was transferred from NORDITA (then Copenhagen) to the [Niels Bohr Institute](#) when NORDITA moved to Stockholm in January 2007. Subnode: The University of Aarhus.

Staff at the Niels Bohr Institute:

- Anupam Mazumdar (Adjunct Professor, Scientist-in-Charge)
- Poul Damgaard (Niels Bohr International Academy, NBIA)
- Pawel Naselsky (Planck team)
- Steen Hansen (DARK Cosmology Center)
- Several others in cosmology, astrophysics

Staff at the University of Aarhus:

- Steen Hannested
- Jes Madsen
- Martin Sloth

Post-docs:

- Hael Collins (Universenet post-doc, NBIA)
- Savvas Nesseris (NBIA)
- Jin An (NBIA)
- Shinji Hirano (NBI)
- Martin Sloth (Aarhus)

Activities:

- Workshop “Field Theory and Cosmology”, NBIA, March 2008
- Workshop “The Planck Window in Cosmology”, NBIA, June 2008
- Numerous Seminars & Colloquia

Research topics:

- Unparticles and cosmology
- Trans-Planckian physics
- Neutrinos and cosmology
